Council District 12 Second Annual Drive-In Movie Night...

Click Above to Watch Drive-In Time Lapse Video!

Last weekend, my office hosted the 2nd Annual Council District 12 Drive-In Movie at Shadow Ranch Park featuring *Grease*. We had over 250 cars and nearly 600 people in attendance. The last time there was a drive-in theater in our community was 20 years ago. The idea for this event was to bring back the nostalgic feeling of a great San Fernando

Valley past time and give our newer generation that great experience we once enjoyed.

I would like to thank California Emergency Mobile Patrol Search and Rescue, Hollywood Outdoor Movies, LAPD Topanga Division, LA City Recreation and Parks, Howard Sommer's Towing, West Hills Neighborhood Council, and special thanks to the San Fernando Valley Rescue Mission, and Wendy's Restaurant in West Hills owner, Ron Ross.

E12 Students Continue to Improve the Community...

This past Saturday, our E12 students led a community hike at Aliso Canyon Park with Boy Scout Troop 1. The students learned about the unique equestrian amenities Aliso Canyon park has to offer and also learned how to report service requests using the MyLA311 App.

While hiking the 1.3 miles, the students took in the sights, sounds and smells of Aliso Canyon, as they learned to identify native plant species and animals. One of the Scouts utilized his Boy Scout knowledge and rendered first aid during the hike. The students rounded out the fun community hike with a graffiti removal project, painting out over 2,000 square feet of graffiti.

The Great Shake Out Earthquake Drill...

This month, the nation will practice preparedness with the Great Shake Out Earthquake Drill. This year, over 10.4 million people in California and over 26 million people worldwide will participate in the Shake Out Drill. Preparing for an earthquake doesn't end after the Shake Out. Everyone, everywhere, should know how to protect themselves in an earthquake.

Great Shake Out Earthquake Drills are an annual opportunity for people in homes, schools, and organizations to practice what to do during earthquakes, and to improve preparedness.

Great Shake Out earthquake drills are an opportunity to practice how to be safer during earthquakes: "Drop, Cover and Hold On." Shake Out also has been organized to encourage you, your community, your school, or your organization to update emergency plans and supplies, and to secure your space in order to prevent damage and injuries.

Many areas of the globe are prone to earthquakes. You could be anywhere when an earthquake strikes: at home, at work, at school or even on vacation. Are you prepared to survive and to recover quickly.
